

# GERMAN SHEPHERD DOG CLUB OF TASMANIA INC

## STATE BREED EXHIBITION 26 APRIL 2026

Congratulations to the German Shepherd Dog Club of Tasmania for putting together a well-run show on what must be the most scenic ground in Australia to have the pleasure to judge at. The weather on the day was magnificent.

There were two progeny groups catalogued which is an amazing effort for a small club. It was disappointing that the group of Rasti Gamsetal was unable to exhibit due to Lorraine undergoing surgery the week leading up to the show. I hope that her recovery is swift.

Thanks to my stenographers Maureen and Kelly, my steward Trudi, the canteen ladies for the lovely lunch and Alastair for his assistance with the progeny and breeders' group. Thanks to Jan & Jurgen for hosting me over the weekend with sight-seeing, walking in the woods and watching old rock concerts!

The structure of the dogs was very pleasing, however the length and lay of the upper arm needs attention. This unfortunately is an Australia wide issue, and breeders should take care when selecting breeding partners to try and improve this area. Eye colour in some cases should be darker. Only a few animals presented with a rise in the top line and whilst some animals were close behind it was pleasing to see that cow hocks were not as evident as expected. Of note, colour, pigmentation the strength of heads and overall sex characteristics of the males and females, was praiseworthy. The length and lay of croups were overall quite good.

The off-lead gaiting exercise was completed very well in some cases and poorly in others. Exhibitors need to put a little more practice into this exercise prior to shows. Basic obedience would be good start to teach a dog to heel. Having said that, I praise all of the exhibitors that attempted this. It certainly highlights differences with the carriage of the wither and the reach and drive without pressure of the lead.

Two animals were ungraded on the day. One male failed the gun which is heart breaking for the exhibitor, and I am sure with some work the animal will manage the test better. One female presented at 65 cm and therefore could not receive a grading. The exhibitor withdrew with permission.

Once again thank you to the Club and the exhibitors for their sportsman like conduct.

Jane Pike

Congratulations to the owners of Team Bern Tiger for presenting a group of 5 animals (1 male long stock coat and 4 female stock coats). The dog was verified in 2022 and his oldest progeny are 3 years 11 months. He has 176 registrations recorded in the GSDCA Database from 29 different dams of which 7 were breed surveyed. 6 of his progeny are breed surveyed.

The dog stood at stud in Western Australia prior to moving to Tasmania. He has been shown sparingly since arriving in Australia.

The sire led the parade. Overall, the sex characteristics were very good, with three of the animals stood in the mold of the father. Very broad yet feminine heads with medium to dark eye colour. The ears are of good size and set and are firm. Good length of necks. The toplines, in some cases, display a slight peak, mainly in stance. Upper arms could be longer, and pasterns could be a little firmer. The hindquarters are similar to the sire. Very good fore chest development, some slightly short in under chest. Hocks could be firmer overall. Move slightly narrow behind, correct coming. The movement showed very good drive, where the reach could be better. The peak in the top line was not evident on the move.

Congratulations to the owners for presenting a group of very good type and strength.

## **Breeders Group**

### **Roxamburg Kennels**

Congratulations to Kristy & Glenn Hall for presenting a breeders group today. The group comprised 5 animals from 2 sires and 3 dams. Which is a high degree of difficulty.

The group presented were very typey and displayed overall very good construction, very good movement and presented a very good picture.

<b>1 Ms N Jurek</b>	<b>ROXAMBURG DREAM OF STORM</b> 05 Oct 2025 Bred By: Roxamburg TEAM BERN TIGER OF SWEDEN X CH ROXAMBURG CAUGHT IN THE RAIN AZ	7100058188

#### **1<sup>ST</sup> PLACE - VERY PROMISING**

Age: 6 ½ mths - Double P1 upper right. Well coloured long stock coat male of very good type. Has a masculine head, good strength of under and lower jaw for his age. Good length of neck into normal wither. Topline needs to firm with maturity. Upper arm and shoulder blade could be a little longer. Croup is of good length and lay. Moves narrow behind, hocks need to firm. Correct coming. In movement has powerful hind drive. The reach should be freer and wither should be carried a little higher.

<b>Class 3</b>	<b>Puppy Dog LSC</b>	<b>1 Entry</b>

**1<sup>ST</sup> PLACE - VERY PROMISING**

Age: 9 ½ months - Large masculine, well coloured male with very good head, dark masking, very good eye colour. Good strength of upper jaw, under jaw should be a little stronger. Ears of good size and shape but are set a little close. Neck should be a little longer. High wither. Topline firm in stance, croup is a little short and steep. Shoulder blade and upper arm should be both a little longer and better angled. Very good length of foreleg. His pasterns should be firmer. Very good fore chest development for age. Slightly short in the under chest. In movement slightly narrow behind and hocks should remain firmer. Has a tendency to flick the right front and stands not quite correct in front. In movement, has a very good drive. The forehand reach should be more effective, and the topline should remain firmer.

**1<sup>ST</sup> PLACE - GOOD**

Age: 1 yr 7 ½ mths - 65cm/30cm. Large male of good type. Overall, he should be more masculine. Correct plains of skull and foreface. Dark eyes. Ears are of good size and shape but set a little wide and are slightly soft. Good length of neck into a high wither. Good body proportions, good topline. Slightly short croup but of good lay. Stands not quite correct in front. Good placement of shoulder blade. Upper arm should be little longer and better angled. Good fore chest development, slightly short in under chest. Very good hind angulation. Moves slightly narrow going and correct coming. In movement shows good ground cover however he has restrictions in both the reach and the drive.

**SIEGER & EXCELLENT MERIT 1**

Age: 3 yrs 7 mths - front lower incisors slightly dropped. 65.5/29cms. A very large, richly coloured dog of very good proportions. Very good head and expression, dark eyes, the ears are correct size and set. Good length of neck into high withers, very good topline, the croup is of good length and lay. Fore chest should be more developed. Good length of under chest, very good hind quarter angulation. At times stands not quite correct in front. A little close going, and close coming.

ON LEAD - in movement displays very good ground cover with very balanced reach and the drive where the topline remains firm.

OFF LEAD - in movement shows very good ground cover where the topline remains firm, the wither should be carried just a little higher.

GUN SURE

This dog presented 2 progeny at the show finishing 1<sup>st</sup> LSC Puppy and 1<sup>st</sup> LSC Junior Bitch. His sire is the Gold Medal & multi-State Sieger Wulkano-Uno von Schintizerteam and his mother line carries the lines of Djambo v Fichtenschlag. He is line bred on Yasko Farbenspiel (5-5).

**2<sup>ND</sup> PLACE - GOOD**

Age: 1 yr 5 mths -59/28 cm Large feminine bitch of very good type. A little compact in body proportions. Very good head and expression, dark eyes. Very good expression. Ears are correct size and set. Neck could be a little longer into high withers, firm topline. Upper arm and shoulder blade should be a little longer and better angled. The croup is long and a little steep. Very good fore chest development. Slightly short in under chest, stands correct in front. Correct coming. Moves slightly cow hocked. In movement both reach and drive should be freer and ground cover a little better. Her sequence of steps should be more correct.
